## Interchangeable Core Keys

Our Kenstan Interchangeable Core Key product ties into all of the existing Best Access alphabetical keyways.

Kenstan unrestricted **I** keys can be ordered by referencing the stamp number on the key. Keys duplicated by a locksmith will usually not carry over the stamp number – we may need the key sent to us to process your order for keys. Master keys will have **Master** stamped on the key bow; grand master keys will have **G Master** stamped on the key bow; great grand master keys will have **GG Master** stamped on the key bow and great great grand master Keys will have **GGG Master** stamped on the key bow. Core Removal keys will have **Control** stamped on the key bow.

If keys have been lost or stolen, we can reference the stamp number on the face or the side of the core (if available) or we can decode a core that is sent to our factory.
